This response is provided to address the Notice to Comply, mailed August 13, 2002 (Paper No. 20). This response is timely filed on September 5, 2002, in advance of the deadline of September 12, 2002 set by the Examiner in the Notice.

Kindly amend the application as follows:

In the Specification:

Please delete the Sequence Listing submitted April 22, 2002, and substitute the substitute Sequence Listing enclosed herewith.

**REMARKS**

Claims 1-27, 29, 37, and 47-49 are pending in the application.

In Paper No. 20, the Examiner has noted that the Sequence Listing submitted by the applicants with their response of April 22, 2002 contains two errors. Specifically, in the information provided regarding SEQ ID NOS. 5 and 6, the length of the sequences (at numeric identifier <211>) is incorrect in each instance.
